

HD PRO-6 EASY

2C

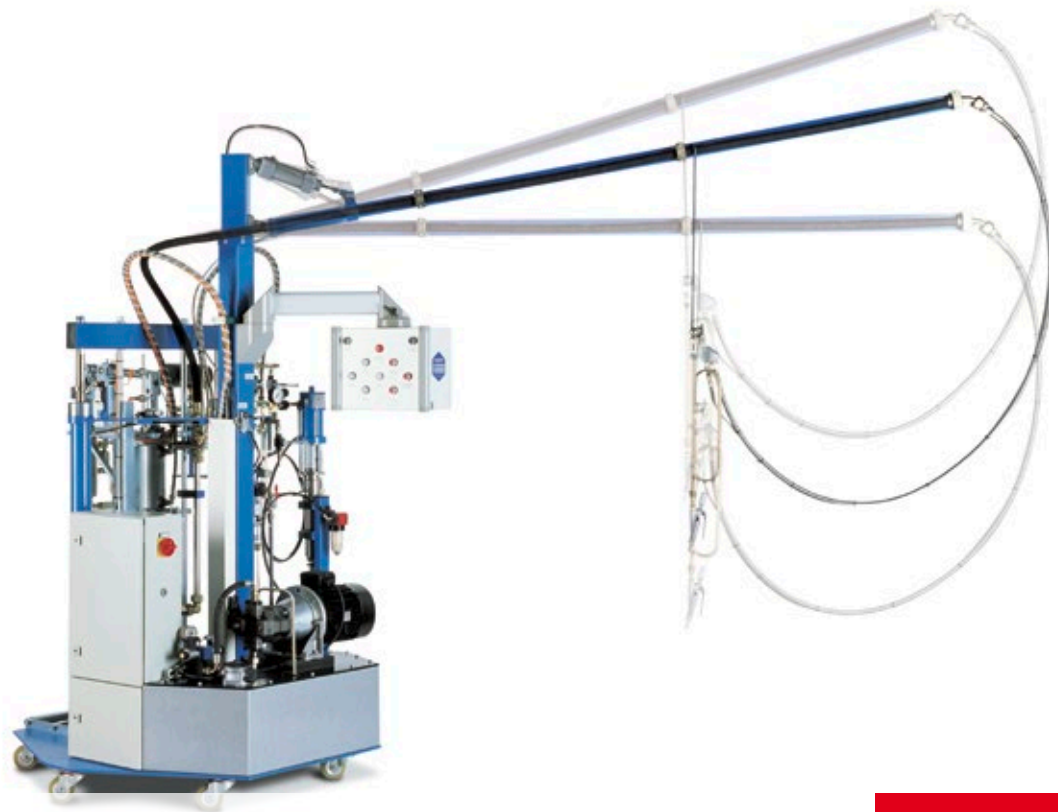

2C – Hydraulic Hand Gunning Machine

Standard Features:

- New generation pumps with long stroke technology ensure optimum mixing ratios are achieved
- Control Panel always visible
- Mobile Frame
- Variable mixing ratio
- Roller for ease of barrel change
- One hand mixing ratio control
- Two hand safety operation
- Heated follower plate (Base)
- Potlife control
- "Barrel empty" control
- Boom arm 2500 mm long with pneumatic support
- Automatic switch off at excess pressure or lack of material
- Follower plate designed for minimal rest quantity in barrel
- Complete mixing system

Safe, Powerful and Ergonomic

- more Stability
- new pump generation
- Adjustable control panel
- increased mixing ratio accuracy
- very easy to use

HD PRO-6 EASY

2C

Technical Data:

Output	Approx. 3500 g / min silicone Approx. 4500 g / min (PS) Approx. 5500 g / min (PU)
Electrics	3 x 400V / N / PE 50hz Fuse 16A CEE Connection 16A
Pneumatics	4 - 8 bar 3/8"
Measurements	Ø 1,240 x 2,400 mm
Weight	690 kg
Construction	Mobile
Output control	Completely variable

The HDT Pro 6 Easy is the front-runner of the hydraulic HDT Hand Gunning Machines. Some of the eye-catching features are the new hexagon base plate which improves the stability and the moveable control panel.

The pneumatically supported boom arm enables effective integration into the work process and optimum adaption to local conditions.

Accessories:

- Purge Pump for solvent cleaning
- Freezer unit up to -45°C
- Boom arm with customised length, with two joints
- Boom arm heating system
- 200 litre hardener unit
- Special colour
- Feed Pipes with customised length
